Lower Rail
(sold separately)

Madjax recommends professional installation. If you choose to not have this product installed by a professional, we highly recommend that you exercise caution, care, and patience when installing this product as it involves drilling holes into your cart's body.

STEP 1

**Before installing this product, refer to lower rail assembly instructions (01-046) for installing the lower rail.*

Remove nut, lock washer, and flat washer from rail attachment.

STEP 2

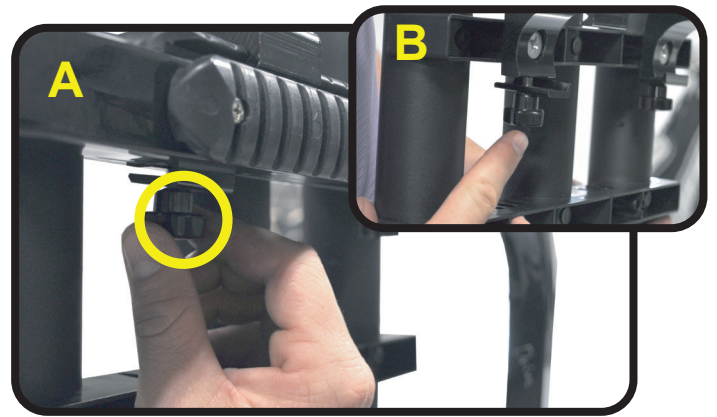

Insert rail attachments into rod holder and tighten hardware.

STEP 3

(A) Remove threaded knob from rail attachments and slide rod holder on to lower rails.

(B) Secure rod holder in desired location by re-inserting threaded knobs and tightening.
