

Part # 02-132 Yamaha Headlight Template

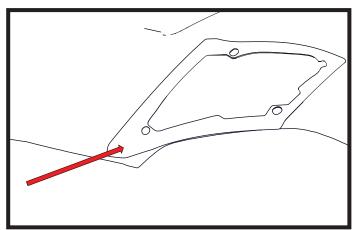

TOOLS NEEDED

- Marker
- Dremel Tool

STEP1

Place the driver side template onto the front cowl, aligning it to the bottom corner of the cowl and the bottom edge.

STEP 2

Trace the inside of the template and the three mounting holes using a marker, then remove template.

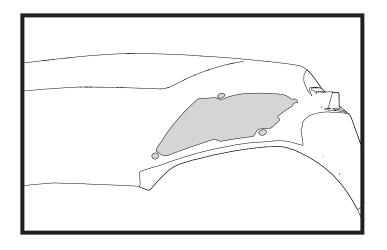

STEP3

Using a Dremel or similar cutting tool, cut out the headlight to the inside of the marked line.

Cut out the three mounting holes to the inside of the marked circles.

Repeat Steps 1-3 on the opposite side and install the headlights per instructions included with the headlight kit.

INSTALLATION COMPLETE
